

Someday

Dave Barnes

Yesterday's breakfast on the table
Pictures scattered on the ground
By my foot there's you and I laughing
You look so good in the wedding gown
Falling in love for us was easy
But that's never very hard
Now there's bills in the mailbox
And branches in the yard
Don't lose heart

Someday we're gonna find it
Someday we're gonna see
Someday we're gonna find you and me
Someday it's gonna be like breathing
I know it's gonna be
Someday we're gonna find you and me

This is not an accusation
The fault is probably mine
By now I thought we'd be familiar
Some things only come with time
Don't lose heart

Someday we're gonna find it
Someday we're gonna see
Someday we're gonna find you and me
Someday it's gonna be like breathing
I know it's gonna be
Someday we're gonna find you and me

Hold onto me and I'll hold onto you
Hold onto me holding onto you

Someday we're gonna find it
Someday we're gonna see
Someday we're gonna find you and me
Someday it's gonna be like breathing
I know it's gonna be
Someday we're gonna find you and me
