

## Fireflies

Dave Days

You would not believe your eyes  
If ten million home supplies  
Appeared and taught me how to live

I test out every bed  
Look! I'm on a movie set  
You'd think me straight  
I just can't help but frolic

I like to make myself believe  
That I could die here happy  
Everything I'd ever need is right in front of me  
I think there's something wrong with this TV  
Nap time..

I take a thousand steps  
When do these arrows end  
Either Deja Vu or I've been here before

These employees are jerks  
And there arrows don't freaking work  
Because if they did I wouldn't be asking you  
How to get out of here!!

I like to make myself believe  
These magic arrows help me  
With every step I'm lost again  
My legs can't walk no more  
I don't think they have an exit door  
How is this a lamp?!?

I find it kind of hard to believe  
That there's a food court right next to me  
If i never left how did I get here  
I think I saw this in the Twilight Zone once  
Nobody inside made it out!  
What are you looking at?!

My points of latitude and longitude are  
30 north 100 west  
I'll be on the couch that's on your left

I like to make myself believe  
That somebody will save me
