No One

Dave Days

I just want you close
Where we can stay forever
You can be sure that it will only get better

You with me together
Through the days and nights
I don't worry cause everything's gonna be all right
And people keep talking
Yeah, they can say what they like
But all I know is everything's gonna be alright

No one, no one, no one can get in the way of what I'm feeling
No one, no one, no one can get in the way of what I feel for yo
u
You, you

When the rain is pouring down
And my heart is hurting
You'll always be around
There's I know for certain

You with me together
Through the days and nights
I don't worry cause everything's gonna be all right
And people keep talking
Yeah, they can say what they like
But all I know is everything's gonna be alright

No one, no one, no one can get in the way of what I'm feeling
No one, no one, no one can get in the way of what I feel for yo
u
You, you

I know that some people search the world
Just to find something like what we have
But I know that some people will try, try to divide something s
o real
So till the end of time there's no one

You with me together
Through the days and nights
I don't worry cause everything's gonna be all right
And people keep talking
Yeah, they can say what they like
But all I know is everything's gonna be alright
