

# Turn Off The Lights

Dave Days

I can't pay my electric bill  
I left the whole house on  
Turn off the lights  
Turn off the lights

It's getting later and later  
I'm too tired to move and  
Turn off the lights  
Turn off the lights

What does it mean to go green  
I don't know, I left the shower on  
My rooms a mess I'm put to the test  
I'd throw it all out, but  
Where does it go, where does it go  
I can't hide from what's right  
Turn off the lights

This pretty girl is coming over  
I don't know what to do but  
Turn off the lights  
Turn off the lights

We can light some candles, yeah  
You set the mood, I'll  
Turn off the lights  
Turn off the lights (ooOOOoo)

What does it mean to go green  
I don't know, I left the shower on  
My rooms a mess I'm put to the test  
I'd throw it all out, but  
Where does it go, where does it go  
I can't hide from what's right  
Turn off the lights
