

# Your Melody

Dave Days

She's got her headphones on  
Singing to every song.  
The boys in the band she likes  
Sing her sleep every night.

Well, I've got my headphones on,  
I try to write the perfect song.  
With my words inside your head,  
I could sing you to sleep every night.

Every time she falls asleep (falls asleep)  
Every time she falls asleep, she'll hear  
Every time she falls asleep (falls asleep)  
Every time she falls asleep, she'll hear

I wanna be your melody,  
I wanna be the song stuck in your head.  
I wanna be your melody,  
I wanna sing you to sleep.

I wanna be your everything,  
I wanna be your melody.  
Looking all around,  
You were right in front of me.  
Baby, believe me:  
I could sing you to sleep every night.

Every time she falls asleep (falls asleep)  
Every time she falls asleep, she'll hear  
Every time she falls asleep (falls asleep)  
Every time she falls asleep, she'll hear

I wanna be your melody,  
I wanna be the song stuck in your head.  
I wanna be your melody,  
I wanna sing you to sleep.

(I wanna be, I I wanna,  
I, I, I wanna  
Your melody)

I wanna be, I, I wanna be  
I wanna be your melody  
I wanna be, I, I wanna be  
I wanna be your melody

Right before she falls asleep (falls asleep)  
Right before she falls asleep, she'll hear  
Right before she falls asleep (falls asleep)  
Right before she falls asleep, she'll hear

I wanna be your melody,  
I wanna be the song,  
(I wanna be the song stuck in your head)

I wanna be your melody,  
(I wanna be, I, I wanna be)

I wanna be the song stuck in your head.  
(Whoa, whoa, whoa)  
I wanna be your melody,  
(I wanna be your melody)  
I wanna sing you to sleep
