

But I Forget You Know Me Pretty Well

Dave Dudley

What makes you think I'm just a weakly that I'll take you back
from now until
You know I think that's kinda funny but I forget you know me pr
etty well
What do you mean you think I want you that I still need you you
can tell
After the way you dropped it on me but I forget you know me pre
tty well
You told me to go that there was no more you called me your stu
ff so I call your bluff
Then you went to him now you're back again
And you think I'll go back out there on that lamb what do you t
hink I am
Tell me that I'll go right back through your mill
You know I gotta hand it to you cause I forget you know me pret
ty well
You told me to go...
Cause I forget you know me pretty well
It's in my mind you know me pretty well yeah I forget you know
me pretty well
