

I Won't Go Down That Road

Dave Dudley

Well I'm through hurt and startin' today and here's something I
'd like to say

I know you'll be shocked and surprised but I wish you try this
song for size

I won't go down that road anymore I won't go down that road any
more

You've had all of me you're gonna get and you ain't had the bes
t of me yet

When you want me I'll be hard to find and I'll leave you with t
his thought in my mind

I won't go down that road anymore I won't go down that road any
more

Some things just have to be done and I guess my leaving is won

I wish there was other way but I only have one thing to say

I won't go down that road anymore I won't go down that road any
more

It's over I'm making my move got my rags in my bag and I'll pro
ve

I'm gone like a big mocking bird make sure you'll remember my w
ords

I won't go down that road anymore I won't go down that road any
more

I won't go down that road anymore I won't go down that road any
more
