

## If You're Afraid To Tell Him I Will

Dave Dudley

You say you love me more than anything in this whole world  
For my love you'd beg and borrow or steal  
Then why don't you tell the one you look you love me more than  
him  
If you're afraid to tell him I will  
I'll tell him of the times we met in the shadows of the town  
I'll tell him how many times I tried to tear his whole world do  
wn  
For I love you more than the birds could love the flowers on th  
e hill  
And if you're afraid to tell him I will  
Could it be you've been seeing me and my love has been at ease  
It hurts to know that you may love him still  
I've just got to know to ease this tickin' deep within my heart  
And if you're afraid to tell him I will
