

## Journey To The Corner Of Your Heart

Dave Dudley

Like an Indian that's headed for his horse  
Like a muddy river you can't change my cause  
Got my heart and mind made up and I am ready now to start  
On my journey to the center of your heart  
Well you beat everything I've ever seen  
You're a treasure chest with all the best parts of my dreams  
I have never wanted anything that tore me all apart  
Like my journey to the center of your heart

Like a bullet from a mighty mighty gun  
Beat me on the head but that won't stop me none  
If the world turns out the lights I'll keep on coming in the da  
rk  
On my journey to the center of your heart  
Well you beat everything...  
Like my journey to the center of your heart
