

Stay With Me Tonight

Dave Edmunds

Well hello little girl
Remember me
And get those lips to say to me
I'll let you know what they mean to me
If you let me do it right

I can't deny that red hot chemistry
When I'm lookin' at you
and you're lookin' at me
I'll prove to you what it means to me
Stay with me tonight

Well don't start playing them games with me
Your body's telling me everything
You know what you do to me
I wanna make you feel like a baby

Come on to my house
I got the lights down low
Come on to my house
And we can be alone
You know you really don't wanna go home
Stay with me tonight

Yeah baby come stay with me
If you're asking what I see
If it's love you're sending me
Well stay with me tonight

Yeah, well I been watching you all night long
Now the party's over; everybody's gone
It seems to me I can't be wrong
There's only you and I

Well you don't have to spell it out for me
You can say what you wanna say
Cause I'll believe
But if I'm right and you feel for me
Stay with me tonight

Well you made eyes for me alone
The other guys have come and gone
Them fellows are gonna head for home
Well don't tell me baby
I'm really wrong

Well come on little girl
It's time to go
If you wanna say yes
Then don't say no
'Cause I'm on fire
And I want you so
Stay with me tonight

Well honey come on baby
Stay with me
Did I see what I think I see

Well if it's love you're sending me
Then stay with me tonight

Well, watch me

Well you made eyes for me alone
The other guys have come and gone
Them fellows are gonna head for home
Well don't tell me baby
I'm really wrong

Well come on little girl
It's time to go
If you wanna say yes
Then don't say no
'Cause I'm on fire
And I want you so
Stay with me tonight

Well honey come on baby
Stay with me
'Cause if you're asking what I see
Well if it's love you're sending me
Then stay with me tonight

Well baby you're everything
C'mon, your folks
Tell 'em anything
Say you're staying with them
We're gonna say goodnight tonight
Stay with me tonight
Stay with me tonight
Well, stay with me tonight.
