

# What Looks Best On You

Dave Edmunds

I can tell you when I'm for fashion  
By those counts off from Paris and Rome

You can look like a queen in diamonds or jeans  
but what would look the best on you is me

You've got all of the boys in town going  
They all stop when you walk down the street

In the T-shirt or less ,  
night and day out of blitz,  
but what would look the best on you is me

I ain't got enough class  
to risk even one past  
Ou I know it 'll be nice  
If you took this advice

In the T-shirt or less ,  
night and day out of blitz,  
but what would look the best on you is me  
what would look the best on you is me  
what would look the best on you is me....
