

## 21 Days

Dave Gahan

When are you going  
To tell us it's over  
How long will you keep us  
Hanging on your hook  
You have us all by the short and curly's  
Reading us all like a book

Building a tower of fear by the river  
Building it up  
Build it up

Building a tower of fear by the river  
Building it up  
Build it up

It's been 21 days  
And the tower keeps rising  
21 days  
That's all it took  
The sun is disappearing on the horizon  
You really should take a look

Building a tower of fear by the river  
Building it up  
Build it up

Building a tower of fear by the river  
Building it up  
Build it up
