

# Goodbye

Dave Gahan

It isn't very hard to see  
From where I stand there's no one to blame  
I opened up my eyes to see  
A world with so much pleasure not pain  
As she looked into my eyes  
I knew I might not see her again  
We're changing and it's hard for me to stay the same

She answers all the questions  
Things I find so very hard to say  
As I close my eyes I heard her whisper goodbye

All these questions that I'm asking  
Feel very foolish anyway  
[Goodbye]  
As I turned the corner  
I heard her whisper again  
[Goodbye]  
It's what she said  
[Goodbye]  
It's what she said  
It's what she said

I loved her from the first time we kissed  
She tastes so great  
she, lit another candle and slowly  
fell into the flame

She, answers all the questions  
things I find so very hard to say  
(she) as I closed my eyes  
I heard (her) whisper  
Goodbye  
all these questions that I'm asking  
feel very foolish anyway  
goodbye  
as I turned the corner, I heard her  
whisper again  
goodbye

It's what she said  
goodbye  
it's what she said  
goodbye  
It's what she said  
it's what she said  
it's what she said

Goodbye
