

# Resolutions

Dave Hause

Resolutions, resolutions, I've got to get in shape  
Get the hell out of this city, take a drive out to the lake  
Maybe a class or charity work, something healthy for a change  
I don't know  
Resolutions, resolutions, a little too much sin  
I want to play some Al Green records and spend more time with T  
im  
I want to get out in the sunshine and take some of it in  
Take it slow

I want to shed my skin  
I rode around today  
The things we've known feel like they're dying a little everyda  
y

Revolution, revolution? Give me a break  
The signs all read foreclosure the more we work the less we mak  
e  
Did you hear they locked up Jimmy and his kids are with the sta  
te?  
Work got slow, I guess work got slow  
Resolutions, resolutions meet me for a drink  
I can't call out sick again, I've used up all my days  
It takes a lot of medicine to keep up with the pace  
Come on let's go

I want to shed my skin  
I rode around today  
The things we've known feel like they're dying a little everyda  
y

The winter's long I know your heart's beating in fear  
So turn this record on and open up your ears  
Summer's coming baby this could be our year
