

# Baby Do Those Things

Dave Hollister

Hey baby, come on over here and sit down  
I just wanna explain to you how you make me feel  
Is that alright, listen

Let me tell you about few things that turns me on  
Just the little bitty things that make this love so strong  
Like how you push your hair back from over your face  
Bite your lip when you want me to come and have a taste

Make that face that you make when we're lovin'  
Make that sound that you make when we're huggin'  
You know what I mean  
Baby do those things that you only do for me

Close your eyes like you do when you kiss me  
Send that face that you send when you miss me  
You know what I mean  
Baby do those things that you only do for me

Subtle way that you nudge me in the middle of the night  
It's just way to let me know that the time is right  
You give me signals that nobody else can understand  
How you tremble at the slightest little touch of my hand

'Cause you know  
You know when I want it, you put nothin' extra on it  
Just the simple things that you do  
And you know what I like and I ain't afraid to try it  
As long as I am tryin' with you

And only you can understand just how to treat your man  
That's the reason that I made you my wife  
'Cause you always keep it real  
You know just how I feel  
See you made a difference in my life

Make that face that you make when we're lovin'  
Make that sound that you make when we're huggin'  
You know what I mean  
Baby do those things that you only do for me

Close your eyes like you do when you kiss me  
Send that face that you send when you miss me  
You know what I mean  
Baby do those things that you only do for me

Can I get a witness in here?  
Somebody knows what I'm talking about  
Only Heaven knows  
(Only Heaven knows how you make me feel)

I can't explain it  
(I can't explain it but I know that it's real)  
I know that it's real  
(I won't trade for the world even if it cost me my life, yeah)

Make that face that you make when we're lovin'

Make that sound that you make when we're huggin'  
You know what I mean  
Baby do those things that you only do for me

Close your eyes like you do when you kiss me  
Send that face that you send when you miss me  
You know what I mean  
Baby do those things that you only do for me

Make that face that you make when we're lovin'  
Make that sound that you make when we're huggin'  
You know what I mean  
Baby do those things that you only do for me

Close your eyes like you do when you kiss me  
Send that face that you send when you miss me  
You know what I mean  
Baby do those things that you only do for me
