

# Give Me A Reason

Dave Hollister

Hmm, hmm, trying to get back  
To where I used to be, yeah  
Knowing who I am  
Makes it seem too far out of reach

If I knew what I know now  
I'd probably would have left it all alone, oh yeah  
So now it seems to me, hmm  
I can't find my way back home

Nothing in the world  
Could ever give me a reason  
And nothing in this world  
Could ever tell me why

I wanna know the answers  
But they don't come easy  
Help me, tell me  
Where is my heart?

Hmm, what I wanna know is  
Is somebody give me  
Give me a reason  
Oh, I need to know

Tell me why, I gotta know  
I wanna know the answer  
Ooh, tell me why  
Why am I living trife? Why I live trife

Thinking about the day  
I walked out it was a big mistake, hmm  
I never knew the price I'd have to pay, huh  
Mama tried to tell me but shit got in the way

Nothing in the world  
Could ever give me a reason  
And nothing in this world  
Could ever tell me why

I wanna know the answers  
But they don't come easy  
Help me yeah, tell me  
Where is my heart?

What I wanna know is, hey  
Give me a reason  
Somebody tell me why  
Tell me why

Oh, I gotta know, I gotta know  
I gotta know the answer  
Gotta know the answer  
Can you tell me why? Why? Why am I living trife?  
Why I'm living trife

Somebody tell me, tell me

The reason please, give me the reason  
Please, please somebody ought to know  
They gotta know why

Tell me why  
Hey, yeah  
I wanna know the answer
