

# I'm Wrong

Dave Hollister

You can leave  
You'll come runnin back to me you'll see  
that's how and old boy use to think  
like you was supposed to do what I said do.  
Now I'm tripping cause you walked away  
and all I see is clouds and rainy days  
only one thing I want to say  
I got to be a man about it I shouldn't been treating you that way I was  
wrong.

I'm wrong, wrong I've been so wrong the only girl I ever loved  
is gone she  
won't come back to me, won't come back to me no.  
I'm wrong, wrong I've been so wrong the only girl I ever loved  
is gone she  
won't come back to me, won't come back to me no.

I'm a fool God knows cause I been mistreating you I know I've gotta change  
gotta be a man if there's a chance please come back to me please

I just want to lay it on the line I've cheated and I've lied but I can't  
survive  
without you in my life I wanna change all my wrongs help me make this a happy  
home I'll get down on my knees just please come back to me please

I'm wrong, wrong I've been so wrong the only girl I ever loved  
is gone she  
won't come back to me, won't come back to me no.  
I'm wrong, wrong I've been so wrong the only girl I ever loved  
is gone she  
won't come back to me, won't come back to me no.

Girl I need you I really need you so come back to me. I know I mistreated you  
don't deserve to see you but come back to me. I'm going on to the only one I've  
ever thought was mine. Running out of time yes I am baby girl I know

I'm wrong, wrong I've been so wrong the only girl I ever loved  
is gone she  
won't come back to me, won't come back to me no.

I'm wrong, wrong I've been so wrong the only girl I ever loved  
is gone she  
won't come back to me, won't come back to me no.

I'm wrong I've been so wrong the only girl I ever loved is gone  
she won't come  
back to me, won't come back to me no.

I'm wrong I've been so wrong the only girl I ever loved is gone  
she won't come  
back to me, won't come back to me no.

Oh my, oh my, oh my  
Oh my, oh my, oh my
