

# The Program

Dave Hollister

Want to be down with the program  
You know with my steelo I gets busy  
When I'm doing my thang

You say you want it, girl  
I don't really think you do  
'Cause I know you ain't ready for  
What about I'm to put down on you

'Cause I don't play games  
When it come to doing it girl  
I do my thing, better ask somebody  
Before you come to my party

Wanna be down, want to be down with the program  
You know with my steelo I gets busy  
When I'm doing my thang

Want to be down with my program  
You know with my steelo I gets busy  
When I'm doing my thang

Come on in sit down, baby  
Take a load off your feet  
You're going to need a little rest, baby  
Before you get down with me

'Cause I brings the pain make you scream  
And shout make you call my name  
Bet you want forget it  
It's like a drug your gonna be addict

Want to be down with the program  
You know with my steelo I gets busy  
When I'm doing my thang

Want to be down with my program  
You know with my steelo I gets busy  
When I'm doing my thang

Are you ready to fly?  
Are you ready for me?  
Do you want this ride?  
Come on, come on, come on

Want to be down with the program  
You know with my steelo I gets busy  
When I'm doing my thang

Want to be down with my program  
You know with my steelo I gets busy  
When I'm doing my thang
