

# Yo Baby's Daddy

Dave Hollister

Everybody ready?

Been together for a little while  
And I knew that you had child  
When I first met ya girl  
It was cool  
Knew that you were special to me  
We were makin' all kinds of plans  
Takin' walks and holdin' hands  
Thinkin' 'bout the future  
You and I would have together

But your baby's dad  
He don't wanna see you happy  
So that means no you and me  
He's talkin' on the telephone  
Won't let it be  
Talkin' that shit about me  
What am I to do about it baby?

He say that he don't care 'bout us  
He miss his son  
And he wanna come around  
But when he do, he stresses you  
'Bout what you do

Just to start a fight

Yo' baby's daddy  
He's always trippin'  
He don't wanna let it be  
Can't stand seein' you happy  
Tryin' to break up you and me  
But I won't let him  
Yo' baby's daddy  
Always gotta fuck with me

Say it again, now

Yo' baby's daddy  
He's always trippin'  
He don't wanna let it be  
Can't stand seein' you happy  
Tryin' to break up you and me  
But I won't let him  
Yo' baby's daddy  
Always gotta fuck with me

(With me)  
I'm tired, upset, I'm mad  
He got me so angry  
When I heard what he said about me, baby  
He's tellin' you  
That I'm tryin' to  
Take away his son  
And you know that is a lie

He say that he don't care 'bout us  
He miss his son  
And he wanna come around  
But when he do, he stresses you  
'Bout what you do

Yo' baby's daddy  
He's always trippin'  
He don't wanna let it be  
Can't stand seein' you happy  
Tryin' to break up you and me  
But I won't let him  
Yo' baby's daddy  
Always gotta fuck with me

Yo' baby's daddy  
He's always trippin'  
He don't wanna let it be  
Can't stand seein' you happy  
Tryin' to break up you and me  
But I won't let him  
Yo' baby's daddy  
Always gotta fuck with me

Yo' baby's daddy  
He's always trippin'  
He don't wanna let it be  
Can't stand seein' you happy  
Tryin' to break up you and me  
But I won't let him  
Yo' baby's daddy  
Always gotta fuck with me

Yo' baby's daddy  
He's always trippin'  
He don't wanna let it be  
Can't stand seein' you happy  
Tryin' to break up you and me  
But I won't let him  
Yo' baby's daddy  
Always gotta fuck with me

(With me)  
Stop... Now bounce

Tired of that man  
He don't wanna leave us alone, no  
He don't wanna see you happy baby  
He didn't want you when he was with you, but now  
Now you got your thang goin' on  
He wanna tear it apart, yeah  
Why don't he leave us alone?
