

Waitin' On You

Dave Mason

My feelin' of bein' deceived
Well there's no one that I can believe no, no
It's all because I couldn't see
That the best friend that I have is me

But I'm just waitin' on you
Hoping that you'll be here soon
Still waitin' to see if
You really meant what you said to me
Waitin' on you
Waitin' on, waitin' on you
Waitin' on you
Waitin' on, waitin' on you
Waitin' on you

There's no need to play act for me
Cause you grab what you can while it's free
Just come right out with what you mean
Are the roses as read as they seem

But I'm just waitin' on you
Hoping that you'll be here soon
Still waitin' to see if
You really meant what you said to me
Waitin' on you
Waitin' on, waitin' on you
Waitin' on you
Waitin' on, waitin' on you
Waitin' on you

Thought that by now you'd have changed
But the name of your game's still the same
I ain't trying to say nothing new no, no, no
Just to make you happy well more than you

But I'm just waitin' on you
Hoping that you'll be here soon
Still waitin' to see if
You really meant what you said to me
Waitin' on you
Waitin' on, waitin' on you
Waitin' on you
Waitin' on, waitin' on you
Waitin' on you
