

# Again and Again

Dave Matthews Band

Mama save me save me  
Mama bless me to my bones  
You have start the fire  
Reignite my soul  
With your poison sting  
Is deep and true  
I'd do anything  
Your sweet perfume  
You bleed  
'Til the well is overflow  
You're my gold, my hunger  
Where you go I will follow  
Sweet poison sting  
I see the light  
I see everything  
In you tonight  
I breathe

In and out here we go  
Over and again and again  
Oh and the love you give to me  
Mama I'm gonna give it back to you

All the stars  
In the sky  
So beautiful  
In your eyes  
Shine, shine  
Reachin' out  
Reachin' out for you  
Just to kiss your mouth  
Wanna turn you inside out  
Is there such a thing as you do to me  
Sweet poison sting lets me see  
I'll be your king  
'Cause you are my queen

In and out here we go  
Over and again and again  
All of the love you give to me  
Mama I'm gonna give it back to you

Don't let it get away  
And if we did  
We're gonna get it back  
And in time you and me  
We will, we will, we will, we will be  
Over and again and again  
Oh and the love you give to me  
Mama I'm gonna give it back to you

Turn around here we go  
Over and again and again  
All of the love you give to me  
Mama I'm gonna give it back to you  
Oh and the love  
I'm gonna give it back to you

And the love  
Mama I'm gonna give it back to you

All of the love you give to me  
Mama I'm gonna give it back to you...
