

Bartender

Dave Matthews Band

If I go before I'm old
Oh brother of mine please don't forget me if I go
Bartender please, fill my glass for me
With the wine you gave Jesus that set him free, after three days
in the ground

Oh and if I die before my time
Oh sweet sister of mine please don't regret me if I go
Bartender please, fill my glass for me
With the wine you gave Jesus that set him free after three days
in the ground
Bartender please, fill my glass for me
With the wine you gave Jesus that set him free after three days
in the ground

I'm on bended knee I pray Bartender please
Oh when I was young I didn't think about it,
But now I can't get it out of my mind
I'm on bended knee please father please

Oh if all this gold, should steal my soul away
Oh dear mother of mine, please redirect me if this gold
Bartender you see, this wine that's drinking me
Came from the vine that strung Judas from the devil's tree roots
Deep deep in the ground

Bartender you see, this wine that's drinking me
Came from the vine that strung Judas from the devil's tree roots
Deep deep in the ground
I'm on bended knee I pray Bartender please
I'm on bended knee please mama please
Oh when I was young I didn't think about it,
But now I just want to run and hide
I'm on bended knee Bartender please
