

## Dive In

Dave Matthews Band

1. I saw a man on the side of the road  
With a sign that read  
"Will work for food"  
I tried to look busy 'til the light turned green

I saw a bear on TV and his friends were all drowning  
'Cause their homes were turning to water  
A strange kinda sad big old bear  
I'm sure he would happily eat me  
He'd tear me to pieces that bear

R: Wake up sleepy head I think...

2. Tell me everything will be OK if I just stay on my knees  
and keep praying believing in something  
Tell me everything is all taken care of  
By those qualified to take care of it all

R: Wake up sleepy head I think...

\*: One day do you think we'll wake up  
In a world on its way to getting better  
And if so  
Can you tell me

3. I have been thinking that lately the blood is increasing  
The tourniquet's not keeping hold in spite of our twisting  
Though we would like to believe that we are we are not in control  
Though we would love to believe

R: Wake up sleepy head I think...
