Hello how are you doing today  
I hope I find you feeling healthy  
I'm so glad our paths crossed this time today  
On our way into the night

We find love it's hiding here  
In the darkness in the shadows  
Maybe it's up to you and I  
To bring it to the light  
Love when I approach the tears  
They fall like rain  
You tell me baby your hearts into a thousand pieces

Now stop only old and wise with clouded eyes  
You can't see what I can, when I  
Blindly throw my faith to the face  
Of the next good thing to comes my way

So here we are all of us stand around  
We're leaning heavy on each other  
Always wondering what is it that lies behind  
The worried eyes of one another

Well I believe it's love that's hiding here  
deep inside both you and me.  
Maybe it's up to you and me to share it with the light  
Love when I approach the tears they fall like rain  
You tell me baby your heart's into a thousand pieces

And I stop only old and wise with clouded eyes  
You can't see what I can, cause' I  
Blindly throw my faith to the face  
Of the next good thing that comes my way

I say it's love that's lacking here  
Although I know enough to spare  
Maybe you and I could spread it large and wide  
Love with my approach the tears they fall like rain  
You tell me baby your heart's into a thousand pieces

Love  
Baby  
Love  
Baby  
Love  
Baby
