

Up And Away

Dave Matthews

Everyday, Everyday with you
Every little thing you do the way you do
Little darlin' in your eyes
Got me all up and away
You get me high

I saw you there since then everyday
It's like I'm lost and thinking of you in everyway
Since I fell into your eyes
All I know is that you get me high
You get me high

Like I'm dy-ewwwwhoooo
Up and away
You take me baby
Ohh you take me baby

And then you walk the way you walk
You blow my mind to know the way you walk in my way
Then I fall into your eyes
Up up and away the way your eyes
Ohh baby
The way you make me high

Before you came you know I didn't care
It's just a game I play
All up and away, I
All up and away
You take me baby

All for you I give it all
Cause when I'm thinking of you
When I'm flying above the world
How I wish I was drowning in you
I must admit that I'm oh so in love you know
Please don't ever let me go
You've done nothing to me but up up and away you go
All up and away
Ah you take me baby
Yeah
Mmmmm baby

Awww baby
