

# Avoiding the Angel

Dave Navarro

I never wanted you to live here  
I only asked if you would stay  
I never minded that you slept here  
I thought that you would go away  
I never minded talking to you  
Can I only turn you off?  
I can't remember talking to you

Driving by the place with the books  
It's a nice day for a parade  
Seven times near the place with the books

I never really even loved you  
I'm just really insecure  
I never really even cared  
Never tasted that pure  
I don't think I ever liked you  
I just had some time  
I don't think I'd be that sorry

Driving by the place with the books  
It's a nice day for a parade  
Seven times near the place with the books

Living with you is a shade of gray  
We never had anything to say  
Anyway  
Living with you is a shade of gray  
Everyday

You never listened to me  
And you never had the time  
I thought that I knew you angel  
You make me want to die  
You never listened to me  
And you never had the time  
We never loved each other  
And I'm always making you cry
