Davey Suicide

You're stuck in a world of sin  
It's painted crystal clean  
You're broke like America  
Selling the same ole dream  
Your picket fence is white  
While soldiers get shot down  
Freedom isn't free until you run the town!

It's a sick! Sick! Suicide  
Dreaming keeps us alive  
Sick! Sick! Suicide  
We are partners in crime  
It takes a tragedy  
To leave a legacy  
Sick! Sick! Sick!

Suicide

You're confused in believing everything that's on the news  
You're real like Hollywood, staging every move  
Your praised like a million marching for the right of one  
Our nation under fraud, look what we've become

It's a sick! Sick! Suicide  
Dreaming keeps us alive  
Sick! Sick! Suicide  
We are partners in crime  
It takes a tragedy  
To leave the legacy  
Sick! Sick! Sick! Suicide

We, we are partners in crime  
We are, partners in crime  
We, we are partners in crime  
We are, partners in crime

It takes a tragedy to lead the legacy  
It takes a tragedy to lead the legacy

It's a sick! Sick! Suicide  
Dreaming keeps us alive  
Sick! Sick! Suicide  
We are partners in crime  
It takes a tragedy  
To lead the legacy  
Sick! Sick! Sick!

It's a sick! Sick! Suicide  
Dreaming keeps us alive  
Sick! Sick! Suicide  
We are partners in crime  
It takes a tragedy  
To lead the legacy  
Sick! Sick! Sick!
