

# The Devil Inside

Davey Suicide

I wasn't always the man that I am today  
Empty promises and teachings on the 7th day  
Mattel, did you hear about these grown up toys  
False hope from a pope, raping alter boys

God was sold to the devil inside  
God was sold to the devil inside

I drew a line in the sand, then scribbled it out  
Cut the strings to the puppets of what you're about  
Rather bury your body, rot away in a cell  
Take everything from me, I'll see you in hell

God was sold to the devil inside  
God was sold to the devil inside

There's no surprise that the book of lies has us hanging on every word  
Let's take the body of the Christ as we toast to the absurd

I pledge allegiance to myself  
to never give a fuck about you again  
I pledge allegiance to myself  
to never give a fuck about you again

God was sold to the devil inside  
God was sold to the devil inside  
God was sold to the devil inside  
God was sold to the devil inside
