

Bad Impressions

David Allan Coe

(Good evening ladies and gentlemen welcome to the Grand Ole Opry
We got a great show lined up for you tonight here
Brought to you by Martha White Flour
My name is Hank Snow I'm from Nova Scotia Canada)

I've tried my best to tell you that I'm leavin' I won't be back
no more after today
I've tried and I've tried but you weren't satisfied until you finally
throw my love away
Bad impressions, bad impressions Lord you left bad impressions
on my mind
Bad impressions, bad impressions ah but good impressions are so
hard to find

You promised you would stay with me forever farever didn't seem
to last too long
You packed your clothes up darlin' you never said goodbye
Ah but honey I still love you and I will until I die
Bad impressions, bad impressions...
Ah yes the good impressions are so hard to find
