

# I Could Never Give You Up

David Allan Coe

Don't you ever doubt my love  
Cause you fit me like a glove  
And I could never give you up for someone else

Honey, I wont do you wrong  
And I've been loving you to long  
And I could never give you up for someone else

When it comes to loving, honey  
You can sure put out the flame  
No other woman ever could  
Now ain't that a shame

You lay heavy on my mind  
You're the best love I could find  
And I could never give you up for someone else

If you ever have to go  
Honey, please don't let me know  
Cause I could never give you up for someone else
