

If I Could Climb The Walls Of This Bottle

David Allan Coe

If I could climb the walls of this bottle oh darlin' I'd come home to you
Another night for me is just beginning soon the wine will wash away all my shame
With every drink one more mem'ry will leave me come closing time I won't feel a thing
Here I am on my way to the bottom it's a shame the things a man will do
If I could climb the walls of this bottle oh darlin' I'd come home to you

It's been a long long time and I miss you but this world I'm living in won't let me go
And it's too late to say that I'm sorry and why I left you for this God only knows
If I could climb the walls of this bottle
