

Lovin' You Comes So Natural

David Allan Coe

I know that the hardest thing I ever had to do
Was walkin' out on her to run to you
I'm leavin' town without her now cause that's the way I came
I know your love is waiting and it's time to catch a train
Lovin' you comes so natural anymore lovin' her was a chore
With you it's so easy lovin' you comes so natural anymore

She kept tryin' to make me change into somebody new
That was just too hard for me to do
Givin' it ain't easy honey I found out the hard way
With the games I've had to play till I could get to you
Lovin' you comes so natural...
Lovin' you comes so natural...
