

Now's The Time

David Allan Coe

There ain't nothing like watching your dreams come true
Nothing like turning those grey skies blue
Nothing like doing what you want to do
Unless its fallen in love

Unless its fallen in love you know
There's so many places for your head to go
You don't have to hurry just take it slow
Now's the time to fall in love

There ain't nothing like living on a sailboat
Nothing like setting your dreams afloat
Nothing like taking just one more toke
Unless its fallen in love

There ain't nothing as pretty as the sun going down
Nothing as funny as a circus clown
Nothing like riding on a merry go round
Unless its fallen in love
