

You'll Always Live Inside Of Me

David Allan Coe

You could sail across the water
Take the kids and set me free
You could die and go to heaven
But you'll always live inside of me

You'll always live inside of me, girl
You'll always live inside of me
Just as long as I am breathing'
You'll always live inside of me

They could take me back to prison
They could throw away the key
Just as long as I am breathing'
You'll always live inside of me
