Heyyyy oooh
Nothing ever happens in this town
It's the same old thing when we go out
A new place to hang with the same crowd
I looked up when you came and sat down
Now I'm here with you, and I'm admiring the view
I hope you never ever never ever cut me loose

And I don't know what to do because I'm falling into something Really can't stop me I'm knocking over everything and you just caught me

From start to finish I promise I'll mend this just wanna let yo u know yo I'm falling like a domino

Falling falling just like a domino

Falling falling just like a domino

From start to finish I promise I'll mend this just wanna let yo u know yo I'm falling like a domino

Always said true love never happens

A little push a just caused this chain reaction.

I never thought you'd be my distraction I admit boy you got me crashing

Now I'm here with you and I'm admiring the view I hope you never ever never ever cut me loose

And I don't know what to do because I'm falling into something Really can't stop me I'm knocking over everything and you just caught me

From start to finish I promise I'll mend this just wanna let yo u know yo I'm falling like a domino

Falling falling just like a domino
