

# Say Me

David Archuleta

To each his own, given his own time  
Speak for yourself, I speak for mine  
Try to bring each other to the light we need

When the whole world has left you behind, the temperature has dropped inside  
You need to know who's gonna find, say me

I need you  
I need you  
I need you  
To say me

I need you  
I need you  
I need you  
To say me  
Say me

Does your heart need reminding the answers to questions  
You lay beside when all you wanna do is fall asleep

Everyone starts to question why  
Sees the rust where I see shine  
You need someone to take aside  
Say me

I need you  
I need you  
I need you  
To say me

I need you  
I need you  
I need you  
To say me

The sooner we start this life living as we're loved  
Just put it behind us to see what we'll become

The sooner we start this life  
Living as we're loved

I need you  
I need you  
I need you  
To say me

I need you  
I need you  
I need you  
To say me

I need you  
I need you  
I need you  
To say me

I need you  
To say me
