

Someone to Love

David Archuleta

I'm tired of looking in the mirror
I've got this feeling that something ain't right
'Cause what they told me
I always believed them
Boy fight for yourself
That's the story of life
Mmmmm

Didn't wanna get it wrong
And the fear don't need to wait
But I had to learn to love
Something had to change

Ooh ooh, can you see it now
Ooh ooh, look what I've found
You, ooh
Are someone to love
Ooh ooh, what a sweet surprise
Now-ow I realized
That you, ooh
Are someone to love

Feels like a deep breath
Feels like a good rest
When you come to find it's not all about you
I needed a jump start
Hooked up to this heart
I needed to wake up and break out from this oh, point of view

Ooh ooh, can you see it now
Ooh ooh, look what I've found
You, ooh
Are someone to love
Ooh ooh, what a sweet surprise
Now-ow I realized
That you, ooh
Are someone to love

And you are a whole new feeling
And you are the biggest reason
That I had to learn to love

Ooh ooh, can you see it now
Ooh ooh, look what I've found
You, ooh
Are someone to love
Ooh ooh, what a sweet surprise
And now I realized
That you, ooh
Are someone to love
You, ooh
Are someone to love
