

# To Be With You

David Archuleta

I've been alone so many nights now  
And I've been waiting for the stars to fall  
I keep holding out, for what, I don't know  
To be with you, just to be with you

So here I am, staring at the moon tonight  
Wondering how you look in this light  
Maybe you're somewhere thinking about me too  
To be with you, there's nothing I wouldn't do

And I can't imagine two worlds spinning apart  
Come together eventually

And when we finally meet, I'll know it's right  
I'll be at the end of my restless road  
But this journey, it was worth the fight  
To be with you

Just to be holding you for the very first time  
Never letting go  
What I wouldn't give to feel that way

Oh, to be with you  
And I can't imagine two worlds spinning apart  
Come together eventually

And when you're standing here in front of me  
That's when I know that God does exist  
'Cause He will have answered every single prayer  
To be with you, just to be with you, yeah  
You, ooh
