

# Up All Night

David Archuleta

I am knocking, standing at your door  
Somewhere new I've never been before  
Take me in and it feels like home  
It's getting late and I don't wanna go

Something simple in the way this feels  
Like love is, something pure and real  
It's getting late and I have to leave  
But tonight your memory is holding me  
(I'm wide awake with)

All these feelings inside, keeping me up all night  
All these feelings inside  
(I'm wide awake with)  
All these feelings inside, keeping me up all night  
Pictures that cross my mind  
They keeping me up all night  
They keeping me up all night  
They keeping me up all night  
Keeping me up all night

Hear my heart, and there's an answered prayer  
Feel the magic in the midnight air  
Breathe it in, I wanna pass it on  
The strength of fighting somewhere you belong  
(I'm wide awake with)

All these feelings inside, keeping me up all night  
All these feelings inside  
(I'm wide awake with)  
All these feelings inside, keeping me up all night  
Pictures that cross my mind  
They keeping me up all night  
They keeping me up all night  
They keeping me up all night  
Keeping me up all night

Hands so small but I am safe and sound  
Where I stand it feels like solid ground  
No where else that I'd rather be  
No greater gift than what you've given me

All these feelings inside, keeping me up all night  
All these feelings inside  
(I'm wide awake with)  
All these feelings inside, keeping me up all night  
Pictures that cross my mind  
They keeping me up all night  
They keeping me up all night  
Keeping me up all night  
Keeping me up all night

They keeping me up, keeping me up all night
