

# Works For Me

David Archuleta

Yeah, yeah, mmmmm  
No I won't make up my mind  
I'm too good at wastin' time  
And I know, life is unpredictable  
Just never know what I will find

Am I gonna stay, oh no  
Am I gonna leave, I don't think so  
I guess I can define me as that kinda guy  
Maybe it's a big mistake  
But baby that's the chance that I'll take

You say I don't know what I want  
But it worked out just fine  
You said it never could be done  
But it worked out just fine, oh  
You can say anything you want  
But it worked out just fine  
If it works for me  
Then it works for me  
If it works for me  
Then it works for me

I can't forget the things you said  
Your words keep running through my head  
And I know you're just trying to help me out  
Thanks, but I'll follow my heart instead

Am I gonna stay, oh no  
Am I gonna leave, I don't think so  
I can't decide between the left side or the right  
Maybe it's a big mistake  
But baby that's the chance that I'll take, Oh Yeah!

You say I don't know what I want  
But it worked out just fine  
You said it never could be done  
But it worked out just fine, oh  
You can say anything you want  
But it worked out just fine

If it works for me  
Then it works for me  
If it works for me  
Then it works for me

There were days when a song could not be found  
There were days when my voice would make no sound for me, for me  
But I don't worry about it where I'm goin'  
'cause I know just where I'm wanna be  
And it's time for you to see

You say I don't know what I want  
But it worked out just fine  
You said it never could be done  
But it worked out just fine, oh  
You can say anything you want

But it worked out just fine

If it works for me  
Then it works for me  
If it works for me  
Then it works for me
