

## Thinkin' Problem

David Ball

Yes, I admit I've got a thinkin' problem  
She's always on my mind  
Her memory goes round and round  
I've tried to quit a thousand times

Yes, I admit I've got a thinkin' problem  
Fill the gla\*s up to the top  
I'll start with loving her  
But I don't know when to stop

I wake up and right away  
Her name is on my lips  
Once the memories start to flow  
I can't stop with just one sip

Yes, I admit I've got a thinkin' problem  
She's always on my mind  
Her memory goes round and round  
I've tried to quit a thousand times

Yes, I admit I've got a thinkin' problem  
Fill the gla\*s up to the top  
I'll start with loving her  
But I don't know when to stop

I keep on remembering  
How good it used to be  
Gettin' stoned all alone  
On my favorite memory

Yes, I admit I've got a thinkin' problem  
She's always on my mind  
Her memory goes round and round  
I've tried to quit a thousand times

Yes, I admit I've got a thinkin' problem  
Fill the gla\*s up to the top  
I'll start with loving her  
But I don't know when to stop

I'll start with lovin' her  
But I don't know when to stop
