

# Crumbling

David Bisbal

I could'  
'night  
but I'm blind to myself  
I can't bear the thought  
Of fumbling through the dark  
I won't stand a chancy heart

Baby, I am so scared of crumbling  
I'm just flesh and bone without you here  
Baby, won't you save me from losing it  
Hurry back into my arms  
Cause every minute that you're gone  
I'm crumbling

I knew this day would come  
Clouds would hide the sun  
I ... broken on the floor  
Just wake me from this nightmare  
Cause I do gasp my breath  
And you just walked through that door

Baby, I am so scared of crumbling  
I'm just flesh and bone without you here  
Baby, won't you save me from losing it  
Hurry back into my arms  
Cause every minute that you're gone  
I'm crumbling

Every touch you bring me back  
Only you can rescue it  
The life in me  
...

I'm so scared of crumbling  
I'm just flesh and bone without you here  
Baby, won't you save me from losing it  
Hurry back into my arms  
Cause every minute that you're gone  
I'm crumbling
