# Crumbling

**David Bisbal**

I could'
'night
but I'm blind to myself
I can't bear the thought
Of fumbling through the dark
I won't stand a chancy heart

Baby, I am so scared of crumbling
I'm just flesh and bone without you here
Baby, won't you save me from losing it
Hurry back into my arms
Cause every minute that you're gone
I'm crumbling

I knew this day would come
Clouds would hide the sun
I ... broken on the floor
Just wake me from this nightmare
Cause I do gasp my breath
And you just walked through that door

Baby, I am so scared of crumbling
I'm just flesh and bone without you here
Baby, won't you save me from losing it
Hurry back into my arms
Cause every minute that you're gone
I'm crumbling

Every touch you bring me back
Only you can rescue it
The life in me
...

I'm so scared of crumbling
I'm just flesh and bone without you here
Baby, won't you save me from losing it
Hurry back into my arms
Cause every minute that you're gone
I'm crumbling
