

Let's Make History

David Bisbal

Here I am, feel my heart overflow
I know the road I've taken will lead me to the top
And if we all stick together we can make it last forever
And the light will shine until the end, yeah
So join in trust in love, take my hand

Let's make history, only you and me
From now on it's all for one and one for all
Let us reach out for the sky
There's no mountain too high
Let's make history

For too long I've been wasting my time
I tried to do it my way, for the winners to stand alone
Every night was lonely and cold
I had no one to talk to and a place I could go home

You changed my life for the better
All this hopeless chance still matters
I will take this chance and never let go
I have prayed, I was heard, now I know

Let's make history, only you and me
From now on it's all for one and one for all
Let us reach out for the sky
There's no mountain too high
Let's make history

Never give up, look ahead
Even when times are getting rough
Don't ever stop when your best still isn't good enough
Get back on, try again and you will reach

Let's make history, only you and me
From now on it's all for one and one for all
Let us reach out for the sky
There's no mountain too high
Let's make history
Let us reach out for the sky
There's no mountain too high
Let's make history
