

Stop Loving You

David Bisbal

I..... I don't need your sympathy
I..... I don't want your used to appease
No..... don't try to rescue me
Leave me with my dignity
Cause I've been down before

Take back the memories
It just wasn't meant to be
You wonder what you're sacrificing for
There comes a time when you'll be fine
You just can't fight no more

You told me it would never end
You showed me how to live again
You gave me air so I can breath
Now you're taking it away from me
You promised me I'd never cry
But of everything you showed me how to do
You never showed me how to stop loving you

You..... you were the bad advice
That I..... I just didn't recognize
You wonder what you're sacrificing for
There comes a time when you'll be fine
I just can't take no more

You told me it would never end
You showed me how to live again
You gave me air so I can breath
Now you're taking it away from me
You promised me I'd never cry
But of everything you showed me how to do
You never showed me how to stop

Think of all what could have been
It hurts me just remembering
I could never understand
Don't you see what's slipping from your hand?

You told me it would never end
You showed me how to live again
You gave me air so I can breath
Now you're taking it away from me
You promised me I'd never cry
But of everything you showed me how to do
You never showed me how to stop loving you

You never showed me how to stop loving you
