

Do Anything You Say

David Bowie

Two by two, they go walking by
Hand in hand, they watch me cry
[two by two, hand in hand]
Lonely nights, I dream you're there
Morning sun and you're gone
[lonely nights, morning sun]
[maybe] I'll do anything you say
[maybe] I'll do anything you say
[maybe] I'll do anything you say
Do anything you say, do anything
One desire I ask of you
Please be mine, please be mine
[one desire, please be mine]
Thousand years and I'll return
You'll be mine, you'll be mine
[thousand years, you'll be mine]
[maybe] I'll do anything you say
[maybe] I'll do anything you say
[maybe] I'll do anything you say
Do anything you say, do anything
Two by two they're walking by
Hand in hand, they watch me cry
[two by two, hand in hand]
[maybe] I'll do anything you say
[maybe] I'll do anything you say
[maybe] I'll do anything you say
Do anything you say, do anything
[maybe] I'll do anything you say
[maybe] I'll do anything you say
[maybe] I'll do anything you say
Do anything you say, do anything you say
