

Love Missile F1-11

David Bowie

US bombs cruising overhead
There goes my love rocket red
Shoot it up

Blaster bomb bomb, bomb ahead
Multi millions still unfed
Mondo teeno giving head
Shoot it up

Hold me shake me, I'm all shook up
Psycho maniac interbred
Shoot it up, shoot it up now
Shoot it up now

Teenage crime now fashion's dead
There goes my love rocket red
Shoot it up
Shoot it up
Shoot it up
Shoot it up
