

# New Angels of Promise

David Bowie

New Angels of Promise  
We despair  
We are the dead dreams  
We take the blame  
Take us to the edge of time  
Take us to the edge of time  
We are the fabulous lovers  
I'm a blind man and she's my eyes

[CHORUS]  
Suspicious minds  
You didn't feel us coming  
In this lonely crowd, it's always time  
[2x]

New Angels of Promise  
we despise  
Don't fall apart now  
We are the silent ones  
Take us to the edge of time  
Take us to the edge of time  
We are the tabular lovers  
We listen to the storm

[CHORUS]
