

# Velvet Goldmine

David Bowie

You got crazy legs, you got amazing head  
You got rings on your fingers and your hair's hot red  
You got wit from my tongue, name on the sun  
I gotcha going to my breast  
Cause you're the only one, who uses school to pleasure

You make me act real gone, you make me trawl along  
I had to ravish your capsule, suck you dry  
Feel the teeth in your bone, heal ya head with my own  
Why if I don't have you home, we'll have to fight alone  
Hang all together

Velvet Goldmine, you stroke me like the rain  
Snake it, take it, panther princess you must stay  
Velvet Goldmine, naked on your chain  
I'll be your king volcano right for you again and again  
My Velvet Goldmine

You're my taste, my trip, I'll be your master zip  
I'll suck your hair for kicks, you'll make me jump to my feet  
So you'll give me your hand, give me your sound  
Let my sea wash your face, I'm falling, I can't stand  
Oooh! Put your mink on

Velvet Goldmine, you stroke me like the rain  
Snake it, take it, panther princess you must stay  
Velvet Goldmine, naked on your chain  
I'll be your king volcano right for you again and again  
My Velvet Goldmine

Oh  
Shoot you down, bang bang

Velvet Goldmine, you stroke me like the rain  
Snake it, take it, panther princess you must stay  
Velvet Goldmine, naked on your chain  
I'll be your king volcano right for you again and again  
My Velvet Goldmine

Velvet Goldmine,  
Velvet Goldmine,  
My Velvet Goldmine  
Velvet Goldmine,  
Velvet Goldmine
