

# U.B. Jesus

David Byrne

Sunrise, I'm still dancing  
Girlfriend, she's my champion  
Swing low, pull me over  
Hey - be my savior

Blood, Skin  
Show me the book  
Don't understand the language that they spoke

Don't pity me  
Have pity on yourself  
You might know Jesus  
But you'll all join in hell

Shine on sister!  
Don't need a book to put your hand in the fire  
Shine on sister!  
Come on in 'cause it's cold outside

Kiss me!  
Kiss me!  
I can tell your name by the markings on your face

U. B. Jesus  
Makin' my way and I'm lovin' my life  
Kiss me!  
Kiss me!  
Swing so crazy like the way you ride

Maybe I'm gonna fry in hell  
But I feel good when I burn myself  
In a smokey place, in my girlfriend's car  
Threw out the map when we drove to far

Jesus is big  
Jesus is strong  
Jesus will kill you if you don't get along

Jesus can swing  
Jesus has skills  
Go on and try it if you don't believe he will

Jump back, jump back  
Givin' me a heart attack  
Fall down, fall down  
Sweeter than a cherry bomb

Sweet thing, sweet thing  
Steppin' on your violin  
Space boy, fly girl  
Living in the underworld

Shine on sister!  
Don't need a book to put your hand in the fire  
Shine on sister!  
Come on in 'cause it's cold outside

Jesus is cool  
Jesus is scared  
Baby you are the only car I drive

Foolin around  
Foolin myself  
Baby you are the only car I drive

Easy to touch  
Easy to find  
Baby you are the only car I drive

Melts in my mouth  
Melts in the hand  
Baby you are the only car I drive

Outta my skin  
Outta my life  
Baby you are the only car I drive  
The only car I drive
